

The Opportunity to Network at our Annual Events and Seminars

With over 1,700 member companies, TCA offers a unique opportunity for you or your company to build lasting connections with a wide range of like-minded industry professionals. We are endless avenues for members to expand their industry connections through ongoing social events, industry committees, courses, advertising opportunities, member job boards and more.

Well-attended annual events include our golf tournament, themed dinner gala and Members' Day barbeque. All new TCA members are also encouraged to attend a meet-and-greet event to get to know other association members and find out about relevant networking opportunities.
